PARK BONDS HAVE TO BE SOLD AGAIN

Error in Advertising For Bidders
Makes Necessary Re-advertising
The Issue

THREE INSERTIONS, LAW SAYS

Remonstrances on Paving of Morgan
Street Will Be Heard at Next
Council Meeting

The sale of the \$24,000 bond issue for the purchase and improvement of Memorial park by the city, has been held illegal, due to an error in publishing the notice to bidders, and it will be necessary to again publish the notice and receive bids on the bonds October 29, at two o'clock. This fact was disclosed and decided upon Tuesday night, at the regular session of the city council.

The bond issue was sold September 25 to the Rushville National Bank of this city at a premium of \$209.20, and at a price considerably higher than that offered by any other bidder.

In preparing to close the deal with the bank, an error was discovered, in which only two publications were given to the notice of bond sale, and according to the record of the councilmen, three publications were required.

This error was due to the person contracting with the publishers for the advertising, as two local papers and one Indianapolis paper, in which the legal notice appeared, all published it only twice.

On account of the error, the necessary transcript could not be properly executed, and the only thing for the council to do was to advertise the bond sale again, and the date has been fixed for Monday afternoon October 29, and the three papers will publish the notice three times.

Plans for the improvement of North Morgan street were again read over, and the councilmen satisfied themselves that there were no mistakes, as they did not want to proceed on this issue and then have to go to the additional expense of advertising again. Remonstrances on the Morgan street paving will be heard at the next meeting of the council.

Last night also was the time advertised for receiving bids for cement sidewalks, curb and gutters on Sexton street, between 9th and 11th streets, and one only bid was submitted, which was by the firm of E. Continued on page eight

THREE CONVICTS HOLD PRISON GUARDS AT BAY

Inmates of Kentucky Penitentiary
Thwarted in Attempt to Escape,
Kill Employee

THREE GUARDS ARE WOUNDED

(By United Press)
Kentucky State Prison, Eddyville, Ky., Oct. 3.—Barriercd behind the prison dining room doors, following the slaying of one guard and the wounding of three others in an unsuccessful dash for freedom, three convicts held guards at bay here this afternoon.

The convicts, armed with blue steel automatics, attacked the guard at 7:30 a. m. Hozze Cunningham, a guard, was slain by the first volley of shots and three others were wounded, according to Warden John Chilton.

At the first outbreak, the prison was thrown into an uproar. Guards rushed to the aid of their fellows and the three convicts fortified themselves in the dining room, keeping up a steady fire on the baffled guards. All attempts to dislodge the three from their citadel failed during the morning and the guards had to content themselves with surrounding the room and keeping a close watch on all doors.

Warden Chilton kept his men from attacking in order that no more blood should be shed. Other prisoners listened passively to the wild shots and the barking of guns, making no attempt to escape.

The three besieged convicts were all sentenced for murder, according to the warden.

TO FORWARD RELIEF FUND

Red Cross Treasurer Prepares To
Send County's Contribution

Preparations were made today by Miss Nora Sleeth, treasurer of the Rush county chapter of the American Red Cross, to send the chapter's contribution for relief of Japanese earthquake sufferers to headquarters at Washington. The total contributed in this county amounts to \$887.22, Miss Sleeth said.

In view of the fact that no contributions have been received for several days, it was decided to forward the money.

Although Rush county did not reach its quota of \$1,400, Red Cross officials feel that the county made a very creditable showing in view of the large allotment. The quotas were based on war time memberships and at that time Rush county's membership was proportionately high.

COURT FIGHT IS NOW IN PROSPECT

Governor Walton Will Contest Leg-
ality Of Tuesday's Election
In Oklahoma

ADOPTED BY BIG MAJORITY

Amendment Providing Legislature
May Meet Without Call Of
Governor Wins

By LINCOLN QUARBERG
(U. P. Staff Correspondent)

Oklahoma City, Okla., Oct. 3.—A long drawn out court fight was in prospect today testing the legality of Tuesday's election in Oklahoma at which an initiated amendment to the constitution providing that the legislature might convene itself without a call from the governor, was adopted overwhelmingly.

Governor J. C. Walton, who opposed the election with all the power at his command, consulted with his legal advisers today concerning the court procedure. The fight will be made by the governor on the grounds that the initiated measure was not advertised at least five days before the election as required by the Oklahoma statutes.

Three other proposed constitutional amendments were defeated. These provided for a soldier bonus; including death as well as injuries under the workmen's compensation act; and making the state liable for losses by depositors in state banks which failed.

Returns from 1,577 precincts out of 2,837 in the state tabulated at an early hour today, showed the measure initiated by agitators for the impeachment of Governor Walton, was carrying four to one. The vote was 148,722 for the measure and 37,752 against.

The governor claimed he had gained great moral support for his campaign.

TRIAL SCHEDULED FOR THURSDAY CALLED OFF

Claude Johnson Will Not Be Tried
On Charge Of Conspiracy To
Commit A Felony

THREE OTHERS INVOLVED

The case of the State against Claude Johnson, charged with conspiracy to commit a felony, will not be tried in court Thursday, as originally scheduled, and the jury will not be used as planned.

Johnson is one of four defendants, charged jointly in the case, and which involves the alleged theft of chickens from a farm north of here. The other three who are charged with the crime are John Hasty, and his two sons, Walter and Fred Hasty, and Johnson is a son-in-law.

James Morrison is plaintiff in a suit filed in the court today against August M. Coers, administrator of the estate of William P. Wagoner, and the plaintiff demands \$275 judgment on a claim against the estate.

Little business was being transacted in court today, and unless something intervenes, there are several state cases that are set for next week.

IS HELD UNDER BOND OF \$2,500

Edgar Herbert Of Gings Station Ar-
raigned At Connersville On Bad
Check Charge

MANY ISSUED, IT IS REPORTED

Herbert Under Bond To Appear In
Rush Circuit Court This Month
On Liquor Charge

Connersville, Ind., Oct. 3.—Edgar Herbert, of Gings Station, Rush county, entered a plea of not guilty when arraigned in the Fayette circuit court Tuesday on the charge of issuing a fraudulent check.

He was remanded to jail upon failure to provide bond in the sum of \$2,500.

Herbert was arrested at his home Tuesday morning and was brought here by Deputy Sheriff Fred Mettel and Patrolman Swift. He is charged with issuing a fraudulent check in the sum of \$5 and obtaining that amount in cash at the Myer Drebin clothing store several weeks ago. The affidavit in the case was signed by Edward Wanley, employee of the store.

Although Herbert denied all knowledge of the matter the officers were informed that he had made a payment of \$5 in order to make the check good. It is said that a number of Connersville merchants hold alleged worthless checks given by Herbert. The matter probably will be fully investigated.

Herbert is under bond to appear in the Rush circuit court next month as the defendant in a liquor law violation case. No date has been set for a hearing on the worthless check charge.

No further developments have been reported in connection with the alleged attack on Joseph W. Graham, which resulted in the arrest of Carl Wright Monday morning. Wright is being held in jail under bond in the sum of \$3,000.

Joe Endicott Files Action Against
James C. Adams

HE WANTS TO BE LEFT ALONE

A suit for possession has been filed by Joe Endicott against James C. Adams, in which the plaintiff demands possession of a dwelling house at 218 South Pearl street. The demand is for \$25 judgment, and the case has been set for trial on October 8, at 9 o'clock.

This afternoon Justice Stech was hearing the case of Sylvester Kirkpatrick against Isaac Campbell, a complaint in replevin, which involves possession of a couple of hogs. The case was scheduled for trial last week, and delayed on account of a faulty complaint when ready for a hearing.

He wants to be left alone.

Statement That Coolidge Ordered
Indiana Committee To Meet

WILL WAIVE USUAL NOTICE

(By United Press)
Indianapolis, Ind., Oct. 3.—Answering charges of state administration officials that he was playing politics by refusing to turn over to the state highway commission \$1,300,000 of gasoline tax receipts, State Auditor Robert Bracken today announced he would ask the state finance board to mandate him to turn over the money.

Through the mandamus suit, Bracken feels, the legality of his stand can be determined speedily and the charges of attempts to embarrass the administration downed.

He said he would waive the usual ten day notice period in order that a decision might be obtained immediately.

At present the highway commission is within a few thousand dollars of being out of funds, Bracken recalled \$400,000 he had previously paid to the highway commission on the gasoline tax and refused to turn over \$900,000 of the tax.

He maintained that since the legality of the gasoline tax is now under question in a case before the supreme court, it was necessary for him to protect himself against the eventuality of the tax being declared illegal.

COOLIDGE IS HOLDING ALOOF

Emphasized At White House That

HE WANTS TO BE LEFT ALONE

Statement That Coolidge Ordered
Indiana Committee To Meet
Without Foundation

By LAWRENCE MARTIN
(U. P. Staff Correspondent)

(Copyright, 1923 by United Press)
Washington, Oct. 3.—The political tempest in Indiana caused by Governor Warren T. McCray's financial troubles today was made the occasion of a warning from President Coolidge to those who would draw him into local or state political squabbles that he wants to be left alone to do his work.

The "highest authority" at the White House through whom statements on behalf of the administration are made, said with more than usual emphasis that Mr. Coolidge had taken no hand in the Indiana party situation, would take no hand in it and would have nothing to do in situations in states where his influence in behalf of one faction of his party has been sought.

The statement of John Moorman, McCray's adviser in Indianapolis, that the meeting of the Republican state committee to discuss McCray's affairs had been ordered by Coolidge was declared to be utterly without foundation. It was stated that Mr. Coolidge knew nothing of the McCray matter, that it had not been brought to his attention except possibly, "in a casual way" and that it "certainly called for no interference by the executive."

While Mr. Coolidge thus disavowed any meddling in a state situation, other Republican party leaders were full of gloom about Indiana. Even though the leaders of his party, including Postmaster General New and Senator Watson, have washed their hands of McCray and virtually thrown him overboard, his troubles coming on top of the Republican defeat in the last senatorial election have caused fears that Indiana is lost to the Republicans in 1924.

SIGNIFICANCE TO FAILURE

Flare-Up Between Governor's Po-
litical Advisers And Goodrich
Changes Aspect Of Situation

(By United Press)
Indianapolis, Ind., Oct. 3.—

Governor McCray today denied all responsibility for the statement of John Moorman, political adviser of the governor, that the recent meeting of the Republican state committee to air McCray's financial affairs was called at the request of President Coolidge.

"I am not responsible in any way for Moorman's statement," the governor said. "It was made without my knowledge."

Moorman, in his statement declared that the meeting of the committee was ordered by the President on representation of James P. Goodrich, former Governor, that McCray's failure as a farmer would hamper the Republican party in obtaining the Republican vote in the 1924 election.

The Moorman statement brought forth a stinging reply from Goodrich.

"There is not the slightest foundation for Moorman's statement," Goodrich said. "The president never at any time suggested to me that the Republican state committee be called to consider the governor's affairs or for any other purpose."

Goodrich declared that, on a recent visit to the White House, the governor's affairs were not discussed with the President beyond the merest expression of regret on the part of the President at the governor's unfortunate situation.

FOUR HUNDRED MEN PUT UNDER ARREST

Charged With Attempted Military
Coup Against German Government
Similar To Kuestrin Plot

PRISONERS' FATE UNKNOWN

(By United Press)

Berlin, Oct. 3.—The military today arrested two hundred men in the neighborhood of Doberitz camp, outside Berlin, charging them with gathering for an attempted military coup against the government.

Authorities said the plot was similar to that at Kuestrin, which was broken by the loyalty of government troops.

Doberitz was the starting point of the Von Kapp coup of March, 1920, and always has been a center of monarchist plotting. It has a large and important garrison.

An official statement of the events at Kuestrin was issued today, bearing out in detail the previous dispatches of the United Press.

The fate of the three hundred plotters taken prisoners when the outbreak finally was crushed yesterday morning, has not yet been made known.

Highest Office In Indiana
Pythianism

Samuel L. Trabue of this city was elected by acclamation grand outer guard of the Grand Lodge, Knights of Pythias, at the final session of the Indiana convention in Indianapolis last Tuesday afternoon. His friends here and elsewhere were elated at his success, which will result in his elevation to the highest office in Indiana Pythianism in the course of a few years.

Othneil Hitch of Indianapolis, who was an opponent of the Rushville man withdrew from the contest just as the ballots were being distributed for the vote on the office of grand outer guard and the unanimous election of Mr. Trabue without a record vote followed.

Attention of local Pythians turned today from the K. of P. convention today to the thirty-fifth annual convention of the Pythian Sisters. About 500 grand officers, delegates and visitors are expected to attend a reception tonight in the parlors of the convention, which will begin with the Denison hotel in Indianapolis.

The first business session tomorrow morning will be given over to the election of officers. Mrs. Mamie Easterday, Mishawaka, will be advanced from the office of grand senior to that of grand chief; Mrs. Emma Hefer, Brookston, to grand senior; Mrs. Grace Clifford, Kokomo, to grand junior; Miss Cora Hood and Mrs. Minnie Johnson, Bluffton, will continue to be the grand mistress of records, correspondence and finance; Miss Edna I. HAMILTON COUNTY OBSERVES BIRTHDAY

Battery B Fires Centennial Salute
of 101 Guns at Sunrise, Opening
2-Day Celebration

30,000 PERSONS EXPECTED

Noblesville, Ind., Oct. 3.—Many thousands paid honor to Hamilton county today on the 100th anniversary of its organization.

Battery B, 139th Indiana field artillery fired a centennial salute of 101 guns at sunrise to announce the opening of a two-day celebration. From the time of the salute until the last event on the program is completed tomorrow evening, Noblesville will be crowded with huge throngs, celebrating in richly decorated streets.

The crowd at its height will reach 30,000 persons, according to the estimate of Mayor Horace Brown and his committee.

Prof. L. N. Hines, president of the state normal school at Terre Haute, and Prof. J. F. Haines, of Indianapolis, were the principal speakers at home-coming exercises this morning.

A monster parade scheduled for this afternoon included 300 floats. It will take several hours for it to complete the route which has been mapped out through the city.

Three hundred persons tonight will take part in a pageant portraying the high spots in the history of Hamilton county. The pageant was written by the Rev. Fred Wolff, pastor of the Christian church at Sheridan.

A free dinner, served on the streets, will be one of the features of Thursday's program, which ends with fireworks Thursday night.

INDIANA FARM TAXES HIGHEST EXCEPT ONE

**President of Indiana Farm Bureau
Federation Says Only New Jersey
Exceeds This State**

200 PERCENT HIGHER HERE

(By United Press)

Indianapolis, Ind., Oct. 3.—Indiana farmers are taxed higher per acre than farmers in any other state in the union except New Jersey, William H. Settle, president of the Indiana Farm Bureau Federation, in a statement made public here today, declared. The average taxation on farmers for Indiana is 200 percent higher than for the United States, he said.

"Many farmers in the state are working in city factories for money to pay their taxes, on account of low prices paid for farm products and high prices he is compelled to pay for the commodities he must buy," Settle stated.

"The Indiana farmer pays \$2.00 per acre for state, county and local taxes, and neighbor farmers in Illinois pay \$1.23, in Ohio, \$1.24, in Michigan \$1.58 and in Kentucky 52 cents an acre. The average for the forty-eight states is 71 cents an acre. The Department of Agriculture at Washington compiled these figures."

Settle said emphatically that "we want to know" if "this is a reflection on our lawmakers and taxing systems."

CAN'T RESIGN

Kendallville, Ind., Oct. 3.—Dr. J. L. Gilbert has a job and can't resign.

For forty years he has served as a member of the Noble county board of examining physicians for pensions. A large part of that time he was secretary of the board, a position requiring him to handle the papers for hundreds of veterans seeking pensions or increases.

Finding work on the board too exacting for his advanced years, he wrote the board of pension commissioners at Washington submitting his resignation.

Back came a letter saying that because of his long, faithful service to the pension commission, they could not think of letting him quit. He is still filling out pension blanks.

Lakehurst, N. J., Oct. 3.—The naval dirigible ZR-1 arrived here at 6:48 o'clock this morning from her trip to St. Louis. The ground crew was awaiting her and quickly landed the big airship. She made the return trip in twenty-one hours.

The air cruiser was sighted from the hangar at eight minutes after six o'clock. The ground crew was called and was ready to land the huge craft a few minutes later.

The dirigible made sixty knots over Pennsylvania, according to Commander McCrary who quoted the ship throughout her trip.

Rear Admiral Moffatt, chief of the naval bureau of aeronautics boarded the ship in St. Louis and made the return trip, with a rear admiral's flag hoisted and fluttering in the breeze for the first time in history on such a craft.

The naval dirigible made the 1,100 miles between Lakehurst and St. Louis in twenty-two hours and made the return trip in one minute more than twenty-one hours.

attribute Governor McCray's failure to his own vicious and unlawful acts rather than to economic depression," was the charge Moorman made.

Goodrich said the situation was "bad enough as it was without stirring up a fight within the party." He countered Moorman's statements by saying that "charges had been made by men thoroughly familiar with the governor's affairs and thoroughly responsible in every way that Governor McCray had been guilty of actions involving the most serious political consequences."

The flare-up caused by the Moorman and Goodrich statements has given the McCray failure a political significance it has not had before.

INDIANA KLAN WILL FIGHT RECEIVERSHIP

To Oppose Action In Federal Court To Have Names Of Six Stricken Off The Roster

INVOLVES SOUTH BEND CASE

Indianapolis, Ind., Oct. 3.—The Indiana Realm of the Ku Klux Klan will put up a hot fight when hearing is held in federal court here on a petition for the appointment of a receiver for the Indiana Klan and for an injunction to have the names of six residents of South Bend, Ind., stricken from the Klan roster, Milton Elrod, Klan spokesman, declared today.

Elrod charged the suit was an attempt to "over up a big blunder on the part of Tolerance and a defensive measure on the part of its backers."

Elrod said that a list of prospective members was stolen from the South Bend office of the Klan and later published in Tolerance as Klan members.

The blunder, Elrod said, caused the enemies of the Klan to file the suit in an attempt to save their face.

The petition charges the Klan with a gigantic conspiracy to supplant the regularly constituted government with the rule of the invisible empire.

It alleges that members of the conspiracy have shielded from justice persons guilty of murder, mutilation of bodies of victims and other outrages.

Companions of Youthful Bandits Who Intended to Slay Official Confess Details

JAIL DELIVERY PLANNED

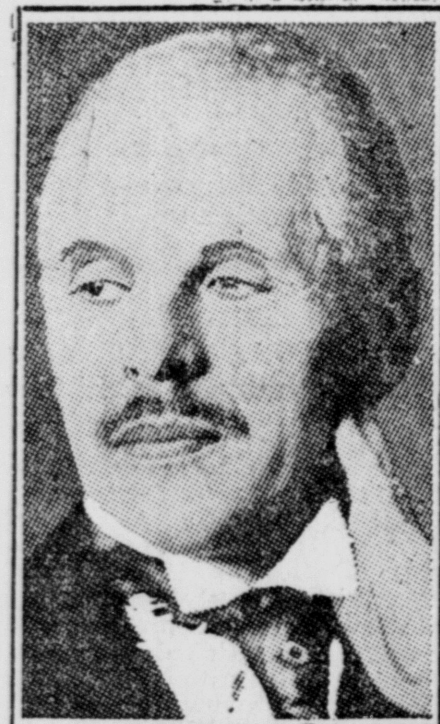

Brazil, Ind., Oct. 3.—An alleged plot by two youthful auto bandits to kill the jailer of the Clay county jail if necessary to make their escape was discovered here today when two of their companions are said to have confessed the plot to Sheriff Weber.

The two bandits, Harold Singhaus, 17, Canton, O., and Vernon Jones, 16, Cleveland, were transferred from the local jail to the Indiana Reformatory before they were able to attempt their escape.

George Granger, 16, and Sam De Maria, 16, both of Cleveland, arrested with Singhaus and Jones, told Weber the plot was to have been carried out last night but the transfer of the prisoners interrupted their plans.

The four boys were arrested here, convicted and sentenced on charges of stealing an automobile. All have long prison and reform school sentences to serve.

NEGRO PROBLEM CONFRONTS NORTH

Negro Migration, Leaving South In Grip Of Economic Crisis, Confronts Northern Industries

INFLUX IN KANSAS CITY, MO.

40,000 Colored Inhabitants Of Kansas City's Black Belt Welcome Invading "Brethren"

By LINCOLN QUARBERG (U. P. Staff Correspondent)

Kansas City, Mo., October 3.—The traditional problem of the South—the negro and his status in the economic and political structure—confronts the North today.

The negro migration, which has left the South in the grip of an economic crisis, is creating congestion in Northern industrial centers and raising other racial questions, as yet unrecognized by the Northern white, but keenly felt by the black men.

Twenty-five thousand negroes, who deserted their Southern homes, have already passed through Kansas City en route to Northern cities, according to estimates of leaders in the colored race here.

The exodus has just begun, according to the negro leaders, who hail the migration as the "real deliverance" of the black men from

what they declare was industrial and political persecution.

Black laborers, many of them accompanied by their families, arrive here on every train from the South. A majority of them pass through the other cities where the industrial demands for cheap labor are more pressing.

Here the negro influx has created its own peculiar problems. It has become chiefly one of living quarters for the pilgrims from Dixie. Definitely segregated by custom, the 40,000 colored inhabitants of Kansas City's "black belt" welcome the invading "brethren" with a fraternal feeling.

But the negroes here were already living in crammed quarters, and as the invasion grows the homes of the colored people become more crowded. As many as three or four families share single apartments and small houses, purchased or rented from whites on the border of "darktown," where the color line is being pushed back gradually and the "black domain" is being widened.

"Kansas City, through custom and tradition, has set up its own peculiar barriers for the black man, but as the migration grows, difficulties are certain to arise," C. A. Franklin, editor of the Kansas City Call, leading negro newspaper here, declared.

"The attitude of Kansas City whites toward the black man is one of intolerance and prejudice. It is not publicly or openly declared, but its spirit is manifest, and the negro feels it deeply."

ILLINOIS ASKS AID OF HOOSIER OFFICIAL

Indianapolis, Ind., October 3.—The campaign against arson which is being waged in Indiana has attracted attention of fire prevention officials partment, however, lead Mr. Miller state fire marshal, has been requested by the division of fire prevention of Illinois to assist in the prosecution of several important arson cases pending in southern counties of that state.

Pressure of work in his own department, however, lead Mr. Miller to decline to undertake any duties outside his own state.

Indiana obtained forty of the 151 convictions for arson crimes in the United States last year—almost a third of the national total. In the first six months of this year 197 fires of suspicious origin were investigated by the state fire marshal's office, twenty-six convictions were obtained and nineteen persons were convicted in the criminal courts.

There are now forty-one cases growing out of alleged arson attempts pending in the courts of various counties, and a large number of civil suits have resulted from the fire marshal's orders for the razing of condemned buildings, and similar enforcement proceedings.

GLADNESS IN SERVICE:
Serve the Lord with gladness. Enter into His gates with thanksgiving, and into His courts with praise; be thankful unto Him and bless His name. For the Lord is good.—Psalm 100: 2, 4.

Rushville's Needs

The half hundred suggestions from members of the Rotary club, made in reply to a questionnaire sent to the members of the club asking for ideas on Rushville's needs, offer a wide field of activity, and of course, all of them can not receive attention, but they do at least emphasize that we as a community are not ideal and are still open to improvement.

We may all realize that we are imperfect in many respects without growing critical. Some persons who read this list of suggestions for the betterment of Rushville and Rush county as a whole may be inclined to take a gloomy view of the future, but the good citizens of the community will see in them great opportunities for constructive work.

Rushville is no different from any

other community in Indiana. In any place, selected at random, just as many needs could be discovered with a similar questionnaire, though they might not be identical to ours, in view of the different conditions that exist in different localities.

We may find solace in the fact that there is no danger of the people of the city and county growing complacent and allowing the grass to grow under their feet on account of their self-satisfied attitude, as long as so many defects in the community life are apparent.

Strengthening the bonds of community life and arousing a stronger community spirit are the agencies that are going to help Rushville and Rush county just as it will help any community. The people of this county are on the right road in holding the community picnic, which it is hoped to make an annual affair, because nothing will be more beneficial than getting acquainted and increasing the community bonds of friendship and good fellowship.

The proposal of the Rotary and Kiwanis club to offer a loving cup to the person who performs the most signal service for the community is another step in the direction of developing a better community spirit. Rewarding civic activity and unselfish work for the betterment of all will raise the standard of public endeavor and tend to raise the respect of the people for those who give of their time and money to advance the interests of all.

Lifting Debt Burden

At the end of August the net debt of the government after deducting the balance of the general fund in the hands of the Treasurer, was \$21,947,572.379.74. The total is about \$40,000,000 less than at the end of July, and is steadily being reduced under the able management of Secretary of the Treasury Mellon. Refunding operations from time to time cause fluctuations in the rate of decrease, but the unflinching tendency is toward relief from the debt burden. It is pertinent to remark in this connection that if the money borrowed from American taxpayers by foreign governments during and following the war were to be repaid, our national debt would be cut in half.

More League Work

The League of Nations drew up a plausible armaments agreement and then invited every nation to sign it. It provided, in substance, that signatory countries could have what

arms they needed for national defense, and could sell what they pleased to each other, but not to those countries which refused to sign. It really fixed no limitations at all and was so interwoven with the League itself that the United States could not approve. If the League really wants to produce an effective arms treaty, it can follow the Washington naval armaments pact for a model.

The Havens school in West Third street has hit upon a novel plan of increasing the "volume" of their library. Next Tuesday has been set aside by the school teachers as a day for creating a fund. It is planned to have all of them bring old rags, iron, pieces of brass, old rubber shoes and boots and other articles usually bought by the junk man. The heap will then be turned into money and the same applied to the fun for buying books.

C. A. Layman of Indianapolis, who has charge of the Belmont addition in North Main street, was exceedingly gratified with the demand for lots in the new addition today when the plat opened. Twenty-nine lots were disposed of and Mr. Layman anticipated that the greater part of the ninety-six lots will have been sold by Sunday evening.

The officers of the Ladies Musicales will entertain the active and associate members at the home of Mrs. R. J. Wilson in North Main street next Monday afternoon at 2:15 o'clock. A cordial invitation is extended to all members.

Frank Lyons, who is attending Indiana University at Bloomington, is here to spend Sunday with home folks.

John A. Tittsworth saw "The Waltz Dream" in Indianapolis last night. Denning Havens will go to Cincinnati tonight to see Ethel Barrymore at the Grand.

B. W. Riley has decided not to take up active farming and move on his farm this fall as he anticipated. He will remain a Main street agriculturalist.

Carl O'Neil, a hustling and enterprising young man, has built a room on the same lot with his home in North Sexton street and opened a grocery store there today.

Miss Lucile Lynn has accepted a position at the telephone office.

George W. Green of Richland is proud of his new automobile. He has fever which developed about three weeks ago.

Jabez Winship, who sustained severe injuries in a fall down stairs at his home south of town this week, is better but will not be able to be out soon.

Current Comment

The Presidential Idea

(Cedar Rapids Ia. Gazette)

President Coolidge, with typical New England common sense, suggests that if the American people make up their minds to seek to stabilize conditions by moving slowly and to develop confidence by being worthy of it and trusting each other, the country will make advance. This home spun philosophy is as practical as it is sensible.

There is no doubt conditions would be more stable, if there had been fewer headlong attempts to normalize business and industrial conditions without regard for traditional cautiousness. Much of the reaction that set in after the "good times" that followed the world war was caused by the lack of conservative foresight.

The President's plea for confidence as a fundamental of prosperity is the kind of plea we would expect from Calvin Coolidge. He is a neighborly man who recognizes the human elements on which business and industry rest.

Out of the sudden expansion of an unhealthy prosperity that followed the war grew greed, graft, and general unsettlement. Lack of confidence naturally followed. Some men became suspicious of the railroads. Others suspected labor of ulterior motives. Fictitious valuations, high prices, and high wages gave us a monetary money madness. When the reaction began our confidence in each other began to slip. Out of this confusion many people emerged with the unsocial philosophy that the best thing for each man to do was to grab what he could for himself and be careful about placing his trust in the other fellow.

In appealing for mutual confidence and restrained common sense in business and industry the President has indicated the essentials of reliable reconstruction.

Buick Four-Wheel Brakes

Buick four-wheel brakes not only double the braking efficiency of the new 1924 Buicks by doubling the braking surface, but for the same reason lessen the wear on each brake mechanism in proportion. Buick four-wheel brakes last longer. They require less adjustment and the linings do not wear down as quickly.

Simple in construction and positive in action, Buick four-wheel brakes give added safety under all circumstances. They are of the Buick external contracting type and each brake has a three-quarter wrap or grip instead of the usual half-way grip.

Buick four-wheel brakes are operated with a slight pressure on the service brake pedal. They act quickly, smoothly and easily.

All 1924 Buicks (both fours and sixes) have these new four-wheel brakes. In addition, the 1924 Buicks embody further advancements in power, in construction and in beauty that make Buick more than ever "the Standard of Comparison".

YANKEES CHANCESAmerican League Champions Have
Not Reserve Strength That The
Giants Possess

THREE STARS NURSE BRUISES

Ruth, Pipp And Meusel Out Of
Condition—Eligible Players For
Series AnnouncedBy HENRY L. FARRELL
(U. P. Staff Correspondent)

New York, Oct. 3.—For the three seasons which they have been occupying the throne in the National League, the powerful secondary strength of the New York Giants has been considered their big asset.

Perhaps there is no other club in the major leagues that could bear up under the loss of two or three star players without collapsing, but the Giants have done it time after time.

John McGraw, in building teams, has followed the theory that a team is no stronger that its reserves and his rigid adherence to this rule gives him an advantage as his club prepares for the world's series with the Yankees.

The American League champions are one of the weakest teams in the major leagues in reserve material and with three players partially disabled, their chances of winning the series are reduced.

In the matter of physical condition, the Giants are now stronger than the Yanks and the team is vastly better fortified against mishaps or injuries that might be expected in a hard played series.

Babe Ruth, Wally Pipp and Bob Meusel, representing ninety percent of the Yankee offense and defense, are in poor condition with only one week to get in shape.

Ruth is bothered with an infected finger and a lame ankle but he will be able to play. Pipp is hobbling around on a cane with an injured ankle and it is doubtful that he will be able to play. Meusel also has a bad ankle.

With Pipp out of the game, Manager Huggins will no doubt use Ruth on first. The Babe can play the position but he is no Pipp and Elmer Smith cannot do right field like Babe can.

Lon Gehrig, former Columbia University star who has developed remarkably as a first baseman, is not eligible to play. It is understood that McGraw is not willing to suspend rules and allow the Yanks to play Gehrig, even if Commissioner Landis should give his assent.

The players eligible for the series, as announced by Landis are:

Giants: Bancroft, Barnes, Bentley, Cunningham, Frisch, Gaston, Gearin, Gowdy, Groh, Jackson, Jomard, Kelly, McQuillan, McGuire, Meusel, O'Connor, Nehf, Ryan, Scott, Shinn, Snyder, Stengel, Watson and Young.

Yanks: Pipp, Ward, Scott, Dagan, McNally, Gazella, Johnson, Ruth, Witt, Meusel, Smith, Haines, Hendricks, Hoffman, Schang, Bengough, Shawkey, Penneck, Jones, Hoyt, Mays, Pippgrass and Rotger.

NO UPSETS EXPECTED
IN WOMAN'S TOURNEYSecond Round of National Golf
Championships Will Produce No
Surprises, It Is Believed

FAVORITES ARE SURVIVORS

West Chester Biltmore Country Club, Rye, N. Y., Oct. 3.—With the field still scattered and partially unbalanced, the second round of the woman's national golf championships here today was expected to produce no surprises or upsets.

It will be at least another day before the real competition starts for the title.

Without exception favorites survived the opening round but there was some interesting play as sixteen opponents went as far as the home green before winners were decided.

In the upper half of survivors were Miss Alexa Stirling, former champion; Miss Marian Burns, the 19-year old Western champion; Mrs. Ronald Barlow and Mrs. Derby Campbell Hurd of Philadelphia; Mrs. Melvin Jones of Chicago; former western champion; Miss Georgiana Bishop; Miss Elizabeth Harding-goss and Mrs. Norman K. George of New York.

Stars in the lower half are Miss Glenna Collett, defending champion; Mrs. C. H. Vanderbeck, Philadelphia former champion; Mrs. Dorothy Higbie, Chicago; Miss Audrey Faust, Chicago; Miss Edith Leitch, England's sole representative and Mrs. Jack Renwick and Mrs. H. B. Blumenthal, New York.

paign against the Ku Klux Klan as a result of the balloting. He said the Klan would be blamed by the veterans for defeat of the soldier bonus; by workmen for failure of the advanced compensation law to carry; and by depositors who have suffered losses for defeat of their measure.

"The Klan is to blame," Walton said.

The vote was extremely light—about half of the 450,000 cast at the last general election in Oklahoma. The governor's supporters claimed many people remain away from the polls because of Walton's opposition. Scattering polls throughout the state failed to open in obedience to the governor's orders, while in two counties, Harper and Cimarron, no votes were cast, due to failure of the polls to open.

Anti-Walton forces declared the result was a wholesale indictment of the governor and condemnation of the course which he has followed by the people of Oklahoma.

"The people of Oklahoma have delivered a thunderous rebuke to the governor's high handed method of handling state affairs," said W. D. McBee, leader of the faction in the state legislature demanding impeachment of the governor.

McBee said the legislature would attempt to assemble as soon as the legality of the election had been determined, and start impeachment proceedings.

Fifty thousand deputies who guarded the polls during the voting in the most sensational election in Oklahoma's history, remained on duty throughout the night protecting ballot boxes.

The 2,000 deputies who watched the election in Oklahoma City, were augmented during counting of the ballots by five hundred additional special guards armed with high powered rifles. A cordon of 1,000 heavily armed men were thrown around the court house in Oklahoma City when reports were circulated that Walton's police would raid the building and attempt to steal the ballots.

Thousands of citizens gathered on the court house lawn and when the rumored raid failed to materialize, they proposed to celebrate the victory by parading down town streets. Campbell Russell, chief foe of the governor, started out to lead the parade, but Sheriff Tom Cavnar, fearing violence might result from the demonstration, forced the crowd to disperse.

Russell, in a speech to the milling crowd, forecast the Governor's impeachment within three weeks. His statement was greeted with prolonged cheering.

The Daily Oklahoman, anti-Walton, organ, today displayed a picture of M. E. Trapp, Lieut-governor with the heading "Next In Line" and below that appeared an editorial headed "The People Shall Rule. The Days of Despotism in Oklahoma Are Nearly Over."

Midwest Grid Briefs

Evanston.—To Captain Bill McElwain will fall the task of running back punts when the Purple clashes with Beloit Saturday. The Northwestern champions showed mid-season form in handling kicks and made long broken field runs yesterday in scrimmage against the yearlings.

Chicago.—The Maroon freshmen afforded little opposition for the varsity eleven in the first scrimmage of the season yesterday. At no time did the regulars fail to make good yardage through the first year squad. Urbana.—Nebraska plays used by the freshmen teams against the Illinois eleven failed to gain ground mostly through lack of man power on the freshmen team. Coach Zupke was not pleased with the showing of his regulars and explained plays frequently to the linemen.

Madison.—Secret practice for the rest of the week is the edict of Coach Jack Ryan who is whipping his Badgers into shape for the opener against Coe college Saturday.

Bloomington, Ind.—Kicking and passing were the features of a light signal drill given to the Indiana squad yesterday. Several regulars are still on the side lines from injuries in the last scrimmage.

Iowa City.—Plunging straight football was all that Coach Howard Jones would allow his eleven to use against the second team last night as the Lowans again scrimmaged behind locked gates.

Lafayette, Ind.—One touch-down was scored by the frosh eleven against Coach Phelan's regulars in scrimmage yesterday. The score which came on an intercepted pass was the only one made by the first year men. Two elevens were put on the field for the varsity.

Ann Arbor.—Defense against forward passes was given to the Weavering team by Coach Yost yesterday. A short dummy scrimmage on offensive use of the pass was held in the secret session that closed the day.

Notre Dame.—Defensive drill was given to the Catholic linemen yesterday as Coach Knute Rockne went to work to correct the weakness shown in the game with Kalamazoo college.

Columbus, O.—"Guessing signals" took the time of the Buckeye eleven yesterday. Coach Wilce has had definite methods for detecting other teams' signals for several years. Nearly 250 freshmen reported for the practice.

ZEV LIKELY TO BE
SELECTED FOR RACEBecomes More Apparent Race To
Decide Horse To Meet Papyrus
Will Not Be Held

OWNER OF MY OWN HOLDS OUT

(By United Press)
New York, Oct. 3.—With it becoming more apparent that no match can be arranged to decide the 3-year-old that will carry the American colors in the international race with Papyrus, English derby winner, it is considered almost a certainty here now that Zev, the Rancocas colt, will be named Saturday by the selection committee of the Jockey club.

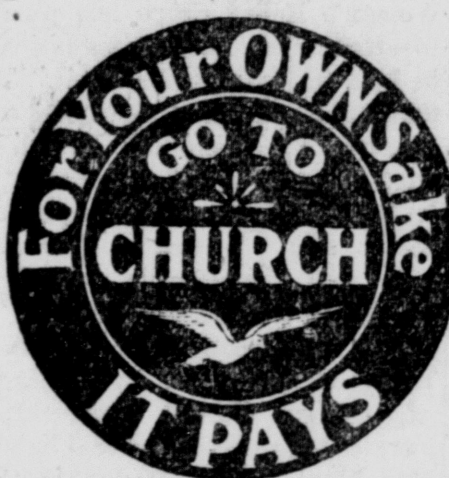

Numerous statements of Jockey Club officials in which it was more than intimated that Zev was considered as having a better record than My Own, the Admiral Grayson colt, have caused many bets to be made that Zev will be nominated for the honor of representing the United States.

The only statement forthcoming from the Rancocas stable was verified by Harry Sinclair, millionaire owner of the stable, who said that Zev would race My Own after the international race, over a mile and a half "for money or marbles."

Washington, Oct. 3.—"My Own is fit and ready. I have nothing more to say."

Admiral Carey T. Grayson today announced in these words that so far as he is concerned the Zev-My Own controversy is closed.

He is convinced that Zev will be selected by the New York Jockey Club as the American representative.

"A Good Advertiser
Is a Safe Borrower"

Under the bank cashier's wicket every day pass thousands of dollars in loans to the manufacturers of America. They make automobiles or soap, adding machines or candy, talcum powder or furniture.

Why do these business men borrow large sums with confidence?

Because by persistent Advertising they have each created in the great buying public a demand for a particular automobile, a special brand of candy, a particular make of furniture.

They judge the future by the past. What advertising has done, it will do, and do increasingly. There is an inexhaustible fund of goodwill for the advertised trademarked product. An idea is sold to the public and kept sold by well planned reiterated Advertising.

Yes—He Likes Jazz Too

Indianapolis, Ind., Oct. 3. — It takes an Englishman to really appreciate an American girl with her characteristic "pep" and vivacity, declared Sir Alfred Cope, personal secretary to Lloyd George when he was in Indianapolis making arrangements for the visit of the "war-time" premier of Great Britain to Indianapolis later in the month.

"American girls are well informed they keep abreast of the times and know how to dress," Sir Alfred declared. "We have bobbed hair in London," he continued. "I like it on some girls, but when a girl has beautiful hair, I really think she should not have it bobbed."

Sir Alfred admitted the English are susceptible to American Jazz. "I'm used to it," he said. "When I left London, everybody was singing 'Yes, We Have No Bananas' and the song was gaining popularity."

showing the power of Lydia E. Pinkham's Vegetable Compound over the ills of women is constantly being published in this paper. The strongest recommendation any article can have is that borne by the persons who use it. Once ill with ailments that caused suffering and despair, but now restored to the joys of health, from a grateful heart multitudes of women write letters of appreciation to the Lydia E. SAVED SICK SPELLS

Black-Draught Found Valuable by a Texas Farmer, Who Has Known Its Usefulness Over 30 Years.

Naples, Texas.—"I have used Theodor's Black-Draught for years—I can safely say for more than 30 years," declares Mr. H. H. Cromer, a substantial, well-known farmer, residing out from here on Route 3.

"I am 43 years old, and when a small boy I had indigestion and was puny and my folks gave me a liver regulator. Then Black-Draught was advertised and we heard of it."

"I began to take Black-Draught, and have used it, when needed, ever since. I use Black-Draught now in my home, and certainly recommend it for any liver trouble."

"I have given it a thorough trial, and after thirty years can say Black-Draught is my stand-by. It has saved me many sick spells."

Mr. Cromer writes that he is "never out of Black-Draught," and says several of his neighbors prefer it to any other liver medicine. "I always recommend Black-Draught to my friends," he adds.

This valuable, old, powdered liver medicine is prepared from medicinal roots and herbs, and has none of the bad effects so often observed from the use of calomel, or other powerful mineral drugs. Be sure to get the genuine, Theodor's.

The contractors explained the situation, and A. L. Stewart, city engineer, said that he could revise the estimate, but those interested in the improvement were reluctant about proceedings on account of the high price, and the matter will slide over now until spring.

MOVIES

Big Cast At Mystic

Marjorie Daw, Tully Marshall, Pat O'Malley and Norah Beery head the all star cast appearing in Marion Fairfax's latest screen contribution "The Lying Truth," the stellar attraction at the Mystic theatre today.

In writing and filming this powerful human appeal against circumstantial evidence, Marion Fairfax has built a story that will stand for time to come. So as to secure the best results obtainable, the producer saw to it that a cast in keeping with the power of the story and the lavishness of the production was chosen to "live" the characters found in her original story.

A newspaper story is always a powerful story and the manner in which Bill O'Hara conceives and executes a fake murder in "The Lying Truth" is further proof of Miss Fairfax's ability to keep human appeal in her writings.

Fight after fight holds the attention of the screen and the manner in which Bill O'Hara breaks up political clique and disbands dope sellers and then marries the daughter of the political boss are incidents that build up strong suspense and a love theme that holds.

"The Lying Truth" is a story full of human appeal with a punch in every frame.

Screen Success At The Princess

One of the best photoplays of the season yet presented on the screen of the Princess Theatre is "Trifling Women" being shown today and Thursday, the Rex Ingram production for Metro which was seen for the first time today. The remarkable young director, whose recent photoplays have lifted him to the front ranks of picture producers, has in his latest work maintained the right standard of his earlier photoplays. "Trifling women" should enjoy widespread success wherever it is shown.

The story of "Trifling Women" was written and adapted by Mr. Ingram himself. It concerns a mysteriously fascinating siren, a crystal gazer — Zareda by name who lures men on by her beauty. Father and son enter competition for her favors, and friends conspire against each other for her love. An illicit affair between the woman and her young suitor is brought to a terrible end when her husband discovers them in the embrace of each other. They are imprisoned in Sorcerer's Tower, a weird room to which they have been led by a vision which Zareda saw. It is here, too, that the wronged husband meets his end, when the desire for revenge has been satisfied.

Players seen in earlier Ingram photoplays have the leading roles in

"Trifling Women." Lewis Stone, Barbara La Marr, Ramon Novarro and Edward Connelly, all in "The Prisoner of Zenda," have important parts in this picture. Others are Pomeroy Cannon, Hagie Mack and Gene Poyet.

"Trifling Women" was photographed by John F. Seitz. The production manager was Starrett Ford.

The MASCOT Combination Range

The large burner at the bottom of the oven gives direct action and affords an intense heat. Whether used with natural or artificial gas, an even blue flame is maintained because of the automatic air feeder, and all fumes escape through the exit flue, leaving absolutely no odor.

The Mascot Combination Range surpasses other ranges in another important particular. Years of study by experts have perfected a gas oven that is incomparably more efficient than any ever before devised; at the same time the patented flue construction that put the Mascot Coal and Wood Range in a class by itself has been maintained intact. In the Mascot Combination Range, where coal or wood is used, THE HEAT STILL GOES ALL AROUND THE OVEN. So in the Mascot Combination the makers have fully realized their ambition to make a Range that would be the last word in efficiency in the use of gas, coal or wood.

Do not fail to see the famous MASCOT COMBINATION RANGE before you buy

PARK BONDS HAVE TO BE SOLD AGAIN

Error in Advertising For Bidders
Makes Necessary Re-advertising
The Issue

THREE INSERTIONS, LAW SAYS

Remonstrances on Paving of Morgan
Street Will be Heard at Next
Council Meeting

The sale of the \$21,000 bond issue for the purchase and improvement of Memorial park by the city, has been held illegal, due to an error in publishing the notice to bidders, and it will be necessary to again publish the notice and receive bids on the bonds October 29, at two o'clock. This fact was disclosed and decided upon Tuesday night, at the regular session of the city council.

The bond issue was sold September 25 to the Rushville National bank of this city at a premium of \$209.20, and at a price considerably higher than that offered by any other bidder.

In preparing to close the deal with the bank, an error was discovered, in which only two publications were given to the notice of bond sale, and according to the record of the councilmen, three publications were required.

This error was due to the person contracting with the publishers for the advertising, as two local papers and one Indianapolis paper, in which the legal notice appeared, all published it only twice.

On account of the error, the necessary transcript could not be properly executed, and the only thing for the council to do was to advertise the bond sale again, and the date has been fixed for Monday afternoon October 29, and the three papers will publish the notice three times.

Plans for the improvement of North Morgan street were again read over, and the councilmen satisfied themselves that there were no mistakes, as they did not want to proceed on this issue and then have to go to the additional expense of advertising again. Remonstrances on the Morgan street paving will be heard at the next meeting of the council.

Last night also was the time advertised for receiving bids for cement sidewalks, curb and gutters on Sexton street, between 9th and 11th streets, and one only bid was submitted, which was by the firm of E. Continued on page eight

THREE CONVICTS HOLD PRISON GUARDS AT BAY

Inmates of Kentucky Penitentiary
Thwarted in Attempt to Escape,
Kill Employee

THREE GUARDS ARE WOUNDED

(By United Press)
Kentucky State Prison, Eddyville, Ky., Oct. 3—Barred behind the prison dining room doors, following the slaying of one guard and the wounding of three others in an unsuccessful dash for freedom, three convicts held guards at bay here this afternoon.

The convicts, armed with blue steel automatics, attacked the guard at 7:30 a. m. Horace Cunningham, a guard, was slain by the first volley of shots and three others were wounded, according to Warden John Chilton.

At the first outbreak, the prison was thrown into an uproar. Guards rushed to the aid of their fellows and the three convicts fortified themselves in the dining room, keeping up a steady fire on the baffled guards. All attempts to dislodge the three from their citadel failed during the morning and the guards had to content themselves with surrounding the room and keeping a close watch on all doors.

Warden Chilton kept his men from attacking in order that no more blood should be shed. Other prisoners listened passively to the wild shots and the barking of guns, making no attempt to escape.

The three besieged convicts were all sentenced for murder, according to the warden.

TO FORWARD RELIEF FUND

Red Cross Treasurer Prepares To
Send County's Contribution

Preparations were made today by Miss Nora Sleeth, treasurer of the Rush county chapter of the American Red Cross, to send the chapter's contribution for relief of Japanese earthquake sufferers to headquarters at Washington. The total contributed in this county amounts to \$887.22, Miss Sleeth said.

In view of the fact that no contributions have been received for several days, it was decided to forward the money.

Although Rush county did not reach its quota of \$1,400, Red Cross officials feel that the county made a very creditable showing in view of the large allotment. The quotas were based on war time memberships and at that time Rush county's membership was proportionately high.

COURT FIGHT IS NOW IN PROSPECT

Governor Walton Will Contest Leg-
ality Of Tuesday's Election
In Oklahoma

ADOPTED BY BIG MAJORITY

Amendment Providing Legislature
May Meet Without Call Of
Governor Wins

By LINCOLN QUARBERG
(U. P. Staff Correspondent)

Oklahoma City, Okla., Oct. 3.—A long drawn out court fight was in prospect today testing the legality of Tuesday's election in Oklahoma at which an initiated amendment to the constitution providing that the legislature might convene itself without a call from the governor, was adopted overwhelmingly.

Governor J. C. Walton, who opposed the election with all the power at his command, consulted with his legal advisers today concerning the court procedure. The fight will be made by the governor on the grounds that the initiated measure was not advertised at least five days before the election as required by the Oklahoma statutes.

Three other proposed constitutional amendments were defeated. These provided for a soldier bonus; including death as well as injuries under the workmen's compensation act; and making the state liable for losses by depositors in state banks which failed.

Returns from 1,577 precincts out of 2,837 in the state tabulated at an early hour today, showed the measure initiated by agitators for the impeachment of Governor Walton, was carrying four to one. The vote was 148,722 for the measure and 37,752 against.

The governor claimed he had gained great moral support for his campaign.

TRIAL SCHEDULED FOR THURSDAY CALLED OFF

Claude Johnson Will Not Be Tried
On Charge Of Conspiracy To
Commit A Felony

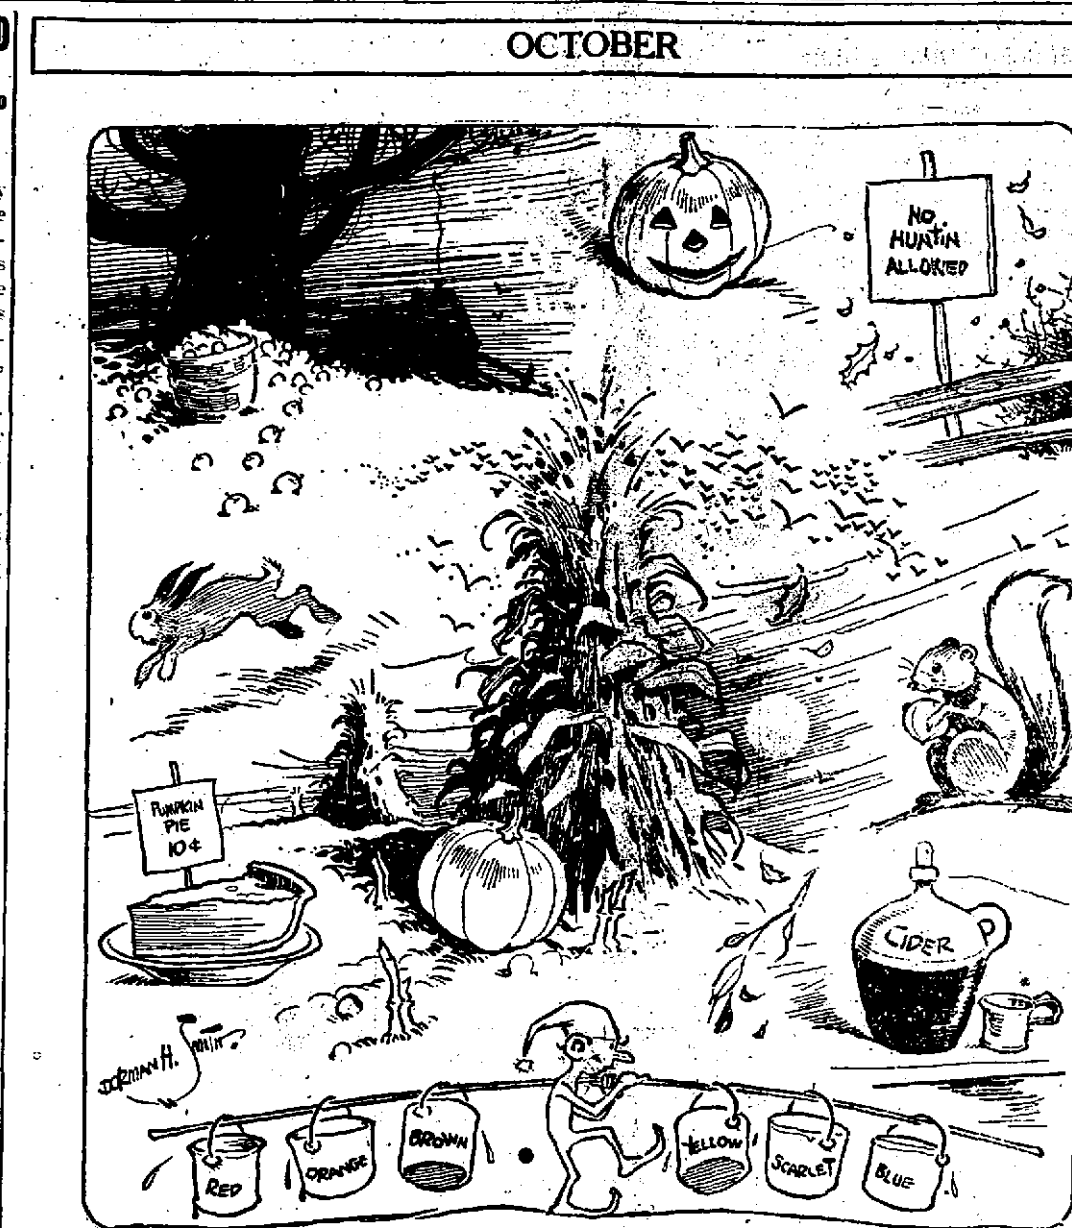

THREE OTHERS INVOLVED

The case of the State against Claude Johnson, charged with conspiracy to commit a felony, will not be tried in court Thursday, as originally scheduled, and the jury will not be used as planned.

Johnson is one of four defendants, charged jointly in the case, and which involves the alleged theft of chickens from a farm north of here. The other three who are charged with the crime are John Hasty, and his two sons, Walter and Fred Hasty, and Johnson is a son-in-law.

James Morrison is plaintiff in a suit filed in the court today against August M. Coers, administrator of the estate of William P. Wagoner, and the plaintiff demands \$275 judgment on a claim against the estate.

Little business was being transacted in court today, and unless something intervenes, there are several state cases that are set for next week.

IS HELD UNDER BOND OF \$2,500

Edgar Herbert Of Gings Station Ar-
raigned At Connersville On Bad
Check Charge

MANY ISSUED, IT IS REPORTED

Herbert Under Bond To Appear In
Rush Circuit Court This Month
On Liquor Charge

Connersville, Ind., Oct. 3.—Edgar Herbert, of Gings Station, Rush county, entered a plea of not guilty when arraigned in the Fayette circuit court Tuesday on the charge of issuing a fraudulent check.

He was remanded to jail upon failure to provide bond in the sum of \$2,500.

Herbert was arrested at his home Tuesday morning and was brought here by Deputy Sheriff Fred Mettel and Patrolman Swift. He is charged with issuing a fraudulent check in the sum of \$5 and obtaining that amount in cash at the Myer Drebin clothing store several weeks ago. The affidavit in the case was signed by Edward Wanley, employee of the store.

Although Herbert denied all knowledge of the matter the officers were informed that he had made a payment of \$5 in order to make the check good. It is said that a number of Connersville merchants hold alleged worthless checks given by Herbert. The matter probably will be fully investigated.

Herbert is under bond to appear in the Rush circuit court next month as the defendant in a liquor law violation case. No date has been set for a hearing on the worthless check charge.

No further developments have been reported in connection with the alleged attack on Joseph W. Graham, which resulted in the arrest of Carl Wright Monday morning. Wright is being held in jail under bond in the sum of \$3,000.

This afternoon Justice Stech was hearing the case of Sylvester Kirkpatrick against Isaac Campbell, a complaint in replevin, which involves possession of a couple of hogs. The case was scheduled for trial last week, and delayed on account of a faulty complaint when ready for a hearing.

BRACKEN SEEKS A MANDAMUS ACTION

Wants State Finance Board To Force
Him To Turn Over Gasoline Tax
Receipts

WILL WAIVE USUAL NOTICE

(By United Press)

Indianapolis, Ind., Oct. 3.—Answering charges of state administration officials that he was playing politics by refusing to turn over to the state highway commission \$1,300,000 of gasoline tax receipts, State Auditor Robert Bracken today announced he would ask the state finance board to mandate him to turn over the money.

Through the mandamus suit, Bracken feels, the legality of his stand can be determined speedily and the charges of attempts to embarrass the administration downed.

He said he would waive the usual ten day notice period in order that a decision might be obtained immediately.

At present the highway commission is within a few thousand dollars of being out of funds, Bracken recalled \$400,000 he had previously paid to the highway commission on the gasoline tax and refused to turn over \$900,000 of the tax.

He maintained that since the legality of the gasoline tax is now under question in a case before the supreme court, it was necessary for him to protect himself against the eventuality of the tax being declared illegal.

COOLIDGE IS HOLDING ALOOF

Emphasized At White House That
President Takes No Part In State
Factional Strife

HE WANTS TO BE LEFT ALONE

Statement That Coolidge Ordered
Indiana Committee To Meet
Without Foundation

By LAWRENCE MARTIN
(U. P. Staff Correspondent)

(Copyright, 1923 by United Press)
Washington, Oct. 3.—The political tempest in Indiana caused by Governor Warren T. McCray's financial troubles today was made the occasion of a warning from President Coolidge to those who would draw him into local or state political squabbles that he wants to be left alone to do his work.

The "highest authority" at the White House, through whom statements on behalf of the administration are made, said with more than usual emphasis that Mr. Coolidge had taken no hand in the Indiana party situation, would take no hand in it and would have nothing to do in situations in states where his influence in behalf of one faction of his party has been sought.

The statement of John Moorman, McCray's adviser in Indianapolis, that the meeting of the Republican state committee to discuss McCray's affairs had been ordered by Coolidge was declared to be utterly without foundation. It was stated that Mr. Coolidge knew nothing of the McCray matter, that it had not been brought to his attention except possibly, "in a casual way" and that it "certainly called for no interference by the executive."

While Mr. Coolidge thus disavowed any meddling in a state situation, other Republican party leaders were full of gloom about Indiana. Even though the leaders of his party, including Postmaster General New and Senator Watson, have washed their hands of McCray and virtually thrown him overboard, his troubles coming on top of the Republican defeat in the last senatorial election have caused fears that Indiana is lost to the Republicans in 1924.

Changes Aspect Of Situation

(By United Press)

Indianapolis, Ind., Oct. 3.—Governor McCray today denied all responsibility for the statement of John Moorman, political adviser of the governor, that the recent meeting of the Republican state committee to air McCray's financial affairs was called at the request of President Coolidge.

"I am not responsible in any way for Moorman's statement," the governor said. "It was made without my knowledge."

Moorman, in his statement declared that the meeting of the committee was ordered by the President on representation of James P. Goodrich, former Governor, that McCray's failure as a farmer would hamper the Republican party in obtaining the Republican vote in the 1924 election.

The Moorman statement brought forth a stinging reply from Goodrich.

"There is not the slightest foundation for Moorman's statement," Goodrich said. "The president never at any time suggested to me that the Republican state committee be called to consider the governor's affairs or for any other purpose."

Goodrich declared that, on a recent visit to the White House, the governor's affairs were not discussed with the President beyond the merest expression of regret on the part of the President at the governor's unfortunate situation.

FOUR HUNDRED MEN PUT UNDER ARREST

Charged With Attempted Military
Coup Against German Government
Similar To Kuestrin Plot

PRISONERS' FATE UNKNOWN

(By United Press)

Berlin, Oct. 3.—The military today arrested two hundred men in the neighborhood of Doberitz camp, outside Berlin, charging them with gathering for an attempted military coup against the government.

Authorities said the plot was similar to that at Kuestrin, which was broken by the loyalty of government troops.

Doberitz was the starting point of the Von Kapp coup of March, 1920, and always has been a center of monarchist plotting. It has a large and important garrison.

An official statement of the events at Kuestrin was issued today, bearing out in detail the previous dispatches of the United Press.

The fate of the three hundred plotters taken prisoners when the outbreak finally was crushed yesterday morning, has not yet been made known.

Samuel L. Trabue of this city was elected by acclamation grand outer guard of the Grand Lodge, Knights of Pythias, at the final session of the Indiana convention in Indianapolis last Tuesday afternoon. His friends here and elsewhere were elated at his success, which will result in his elevation to the highest office in Indiana Pythianism in the course of a few years.

Otteneil Hinch of Indianapolis, who was an opponent of the Rushville man withdrew from the contest just as the ballots were being distributed for the vote on the office of grand outer guard and the unanimous election of Mr. Trabue without a record vote followed.

Attention of local Pythians turned today to the thirty-fifth annual convention of the Pythian Sisters. About 500 grand officers, delegates and visitors are expected to attend a reception tonight in the parlors of the convention, which will begin with the Denison hotel in Indianapolis.

HAMILTON COUNTY OBSERVES BIRTHDAY

Battery B Fires Centennial Salute
of 101 Guns at Sunrise, Opening
2-Day Celebration

30,000 PERSONS EXPECTED

Noblesville, Ind., Oct. 3.—Many thousands paid honor to Hamilton county today on the 100th anniversary of its organization.

Battery B, 139th Indiana field artillery fired a centennial salute of 101 guns at sunrise to announce the opening of a two-day celebration. From the time of the salute until the last event on the program is completed tomorrow evening, Noblesville will be crowded with huge throngs, celebrating in richly decorated streets.

The crowd at its height will reach 30,000 persons, according to the estimate of Mayor Horace Brown and his committee.

Prof. L. N. Hines, president of the state normal school at Terre Haute, and Prof. J. F. Haines, of Indianapolis, were the principal speakers at home-coming exercises this morning.

A monster parade scheduled for this afternoon included 300 floats. It will take several hours for it to complete the route which has been mapped out through the city.

Three hundred persons tonight will take part in a pageant portraying the high spots in the history of Hamilton county. The pageant was written by the Rev. Fred Wolff, pastor of the Christian church at Sheridan.

A free dinner, served on the streets, will be one of the features of Thursday's program, which ends with fireworks Thursday night.

INDIANA FARM TAXES HIGHEST EXCEPT ONE

President of Indiana Farm Bureau
Federation Says Only New Jersey
Exceeds This State

200 PERCENT HIGHER HERE

(By United Press)

Indianapolis, Ind., Oct. 3.—Indiana farmers are taxed higher per acre than farmers in any other state in the union except New Jersey, William H. Settle, president of the Indiana Farm Bureau Federation, in a statement made public here today, declared. The average taxation on farmers for Indiana is 200 percent higher than for the United States, he said.

"Many farmers in the state are working in city factories for money to pay their taxes, on account of low prices paid for farm products and high prices he is compelled to pay for the commodities he must buy," Settle stated.

"The Indiana farmer pays \$2.00 per acre for state, county and local taxes, and neighbor farmers in Illinois pay \$1.23, in Ohio, \$1.24, in Michigan \$1.58 and in Kentucky 52 cents an acre. The average for the forty-eight states is 71 cents an acre. The Department of Agriculture at Washington compiled these figures."

Settle said emphatically that "we want to know" if "this is a reflection on our lawmakers and taxing systems."

CAN'T RESIGN

Kendallville, Ind., Oct. 3.—Dr. J. L. Gilbert has a job and can't resign.

For forty years he has served as a member of the Noble county board of examining physicians for pensions. A large part of that time he was secretary of the board, a position requiring him to handle the papers for hundreds of veterans seeking pensions or increases.

Finding work on the board too exacting for his advanced years, he wrote the board of pension commissioners at Washington submitting his resignation.

Back came a letter saying that because of his long, faithful service to the pension commission, they could not think of letting him quit. He is still filling out pension blanks.

NAVAL DRIGIBLE IS BACK IN ITS HANGAR

ZR-1 Completes Journey Home From
St. Louis, Arriving at Lakehurst
at 6:48 Today

RETURN TRIP IN 21 HOURS

Lakehurst, N. J., Oct. 3.—The naval dirigible ZR-1 arrived here at 6:48 o'clock this morning from her trip to St. Louis. The ground crew was awaiting her and quickly landed the big airship. She made the return trip in twenty-one hours.

The air cruiser was sighted from the hangar at eight minutes after six o'clock. The ground crew was called and was ready to land the huge craft a few minutes later.

The dirigible made sixty knots over Pennsylvania, according to Commander McCrary who noted the ship throughout her trip.

Rear Admiral Moffatt, chief of the naval bureau of aeronautics boarded the ship in St. Louis and made the return trip, with a rear admiral's flag hoisted and fluttering in the breeze for the first time in history on such a craft.

The naval dirigible made the 1,100 miles between Lakehurst and St. Louis in twenty-two hours and made the return trip in one minute more than twenty-one hours.

**Poor For Fielding Is

New York, Oct. 3.—"Fine for batting but very poor for fielding" the New York Giants voted after their first workout in the Yankee stadium in preparation for the opening of the world's series next Wednesday with the New York Yankees.

McGraw's outfielders said the "Gardens" were bumpy and the infielders stated that the infield dirt was too hard and fast and that there was too much sand mixed with the soil.

attribute Governor McCray's failure to his own vicious and unlawful acts rather than to economic depression," was the charge Moorman made.

Goodrich said the situation was "bad enough as it was without stirring up a fight within the party." He countered Moorman's statements by saying that "charges had been made by men thoroughly familiar with the governor's affairs and thoroughly responsible in every way that Governor McCray had been guilty of actions involving the most serious political consequences."

The flare-up caused by the Moorman and Goodrich statements has given the McCray failure a political significance it has not had before.

INDIANA KLAN WILL FIGHT RECEIVERSHIP

To Oppose Action In Federal Court To Have Names Of Six Stricken Off The Roster

INVOLVES SOUTH BEND CASE

Indianapolis, Ind., Oct. 3.—The Indiana Realm of the Ku Klux Klan will put up a hot fight when hearing is held in federal court here on a petition for the appointment of a receiver for the Indiana Klan and for an injunction to have the names of six residents of South Bend, Ind., stricken from the Klan roster, Milton Elrod, Klan spokesman, declared today.

Elrod charged the suit was an attempt to "cover up a big blunder on the part of Tolerance and a defensive measure on the part of its backers."

Elrod said that a list of prospective members was stolen from the South Bend office of the Klan and later published in Tolerance as Klan members.

The blunder, Elrod said, caused the enemies of the Klan to file the suit in an attempt to save their face.

The petition charges the Klan with a gigantic conspiracy to supplant the regularly constituted government with the rule of the invisible empire.

It alleges that members of the conspiracy have shielded from justice persons guilty of murder, mutilation of bodies of victims and other outrages.

PLOT TO KILL CLAY COUNTY SHERIFF SEEN

Companions of Youthful Bandits Who Intended to Slay Official Confess Details

JAIL DELIVERY PLANNED

Brazil, Ind., Oct. 3.—An alleged plot by two youthful auto bandits to kill the jailer of the Clay county jail if necessary to make their escape was discovered here today when two of their companions are said to have confessed the plot to Sheriff Weber.

The two bandits, Harold Singhaus, 17, Canton, O., and Vernon Jones, 16, Cleveland, were transferred from the local jail to the Indiana Reformatory before they were able to attempt their escape.

George Granger, 16, and Sam De Maria, 16, both of Cleveland, arrested with Singhaus and Jones, told Weber the plot was to have been carried out last night but the transfer of the prisoners interrupted their plans.

The four boys were arrested here, convicted and sentenced on charges of stealing an automobile. All have long prison and reform school sentences to serve.

NEGRO PROBLEM CONFRONTS NORTH

Negro Migration, Leaving South in Grip Of Economic Crisis, Confronts Northern Industries

INFLUX IN KANSAS CITY, MO.

40,000 Colored Inhabitants Of Kansas City's Black Belt Welcome Invading "Brethren"

By LINCOLN QUARBERG (U. P. Staff Correspondent)

Kansas City, Mo., October 3.—The traditional problem of the South—the negro and his status in the economic and political structure—confronts the North today.

The negro migration, which has left the South in the grip of an economic crisis, is creating congestion in Northern industrial centers and raising other racial questions, as yet unrecognized by the Northern white, but keenly felt by the black men.

Twenty-five thousand negroes, who deserted their Southern homes, have already passed through Kansas City en route to Northern cities, according to estimates of leaders in the colored race here.

The exodus has just begun, according to the negro leaders, who hail the migration as the "real deliverance" of the black men from

what they declare was industrial and political persecution.

Black laborers, many of them accompanied by their families, arrive here on every train from the South. A majority of them pass through the other cities where the industrial demands for cheap labor are more pressing.

Here the negro influx has created its own peculiar problems. It has become chiefly one of living quarters for the pilgrims from Dixie. Definitely segregated by custom, the 40,000 colored inhabitants of Kansas City's "black belt" welcome the invading "brethren" with a fraternal feeling.

But the negroes here were already living in cramped quarters, and as the invasion grows the homes of the colored people become more crowded. As many as three or four families share single apartments and small houses, purchased or rented from whites on the border of "darktown," where the color line is being pushed back gradually and the black domain is being widened.

"Kansas City, through custom and tradition, has set up its own peculiar barriers for the black man, but as the migration grows, difficulties are certain to arise," C. A. Franklin, editor of the Kansas City Call, leading negro newspaper here, declared.

"The attitude of Kansas City whites toward the black man is one of intolerance and prejudice. It is not publicly or openly declared, but its spirit is manifest, and the negro feels it deeply."

ILLINOIS ASKS AID OF HOOSIER OFFICIAL

Indianapolis, Ind., October 3.—The campaign against arson which is being waged in Indiana has attracted attention of fire prevention officials here, however, lead Mr. Miller state fire marshal, has been requested by the division of fire prevention of Illinois to assist in the prosecution of several important arson cases pending in southern counties of that state.

Pressure of work in his own department, however, lead Mr. Miller to decline to undertake any duties outside his own state.

Indiana obtained forty of the 151 convictions for arson crimes in the United States last year—almost a third of the national total. In the first six months of this year 197 fires of suspicious origin were investigated by the state fire marshal's office, twenty-six confessions were obtained and nineteen persons were convicted in the criminal courts.

There are now forty-one cases growing out of alleged arson attempts pending in the courts of various counties, and a large number of civil suits have resulted from the fire marshal's orders for the razing of condemned buildings, and similar enforcement proceedings.

we as a community are not ideal and
are still open to improvement.

We may all realize that we are im-
perfect in many respects without
growing critical. Some persons who
read this list of suggestions for the
betterment of Rushville and Rush
county as a whole may be inclined to
take a gloomy view of the future,
but the good citizens of the commu-
nity will see in them great opportu-
nities for constructive work.

Rushville is no different from any

other community in Indiana. In any
place, selected at random, just as
many seeds could be discovered with
a similar questionnaire, though they
might not be identical to ours, in view
of the different conditions that ex-
ist in different localities.

We may find solace in the fact
that there is no danger of the peo-
ple of the city and county growing
complacent and allowing the grass to
grow under their feet on account of
their self-satisfied attitude, as long
as so many defects in the commu-
nity life are apparent.

Strengthening the bonds of com-
munity life and arousing a stronger
community spirit are the agencies that
are going to help Rushville and
Rush county just as it will help any
community. The people of this county
are on the right road in holding the
community picnic, which it is hoped
to make an annual affair, because
nothing will be more beneficial than
getting acquainted and increasing
the community bonds of friendship
and good fellowship.

The proposal of the Rotary and
Kiwanis club to offer a loving cup to
the person who performs the most
signal service for the community is
another step in the direction of de-
veloping a better community spirit.
Rewarding civic activity and unself-
ish work for the betterment of all
will raise the standard of public
endeavor and tend to raise the re-
spect of the people for those who
give of their time and money to ad-
vance the interests of all.

Lifting Debt Burden

At the end of August the net debt
of the government after deducting
the balance of the general fund in
the hands of the Treasurer, was
\$21,947,572.379.74. The total is
about \$40,000,000 less than at the
end of July, and is steadily being re-
duced under the able management of
Secretary of the Treasury Mellon.
Refunding operations from time to
time cause fluctuations in the rate of
decrease, but the unfailing tendency
is toward relief from the debt bur-
den. It is pertinent to remark in this
connection that if the money bor-
rowed from American taxpayers by
foreign governments during and fol-
lowing the war were to be repaid,
our national debt would be cut in
half.

More League Work

The League of Nations drew up a
plausible armaments agreement and
then invited every nation to sign
it provided, in substance, that sig-
natory countries could have what

arms they needed for national de-
fense, and could sell what they
pleased to each other, but not to
those countries which refused to
sign. It really fixed no limitations at
all and was so interwoven with the
League itself that the United States
could not approve. If the League
really wants to produce an effective
arms treaty, it can follow the Wash-
ington naval armaments pact for a
model.

into money and the same applied to
the fun for buying books.

C. A. Layman of Indianapolis, who
has charge of the Belmont addition

anticipated that the greater part
of the ninety-six lots will have been
sold by Sunday evening.

The Presidential Idea
(Cedar Rapids In. Gazette)

President Coolidge, with typical
New England common sense, sug-
gests that if the American people
make up their minds to seek to sta-
bilize conditions by moving slowly and
to develop confidence by being worthy
of it and trusting each other, the
country will make advance. This
home spun philosophy is as practi-
cal as it is sensible.

There is no doubt conditions would
be more stable, if there had been
fewer headlong attempts to normal-
ize business and industrial conditions
without regard for traditional cau-
tiousness. Much of the reaction that
set in after the "good times" that
followed the world war was caused
by the lack of conservative foresight.

The President's plea for confidence
as a fundamental of prosperity is
the kind of plea we would expect
from Calvin Coolidge. He is a neigh-
borly man who recognizes the human
elements on which business and in-
dustry rest.

Out of the sudden expansion of
an unhealthy prosperity that fol-
lowed the war grew greed, graft, and
general unsettlement. Lack of con-
fidence naturally followed. Some men
became suspicious of the railroads.
Others suspected labor of ulterior
motives. Fictitious valuations, high
prices, and high wages gave us a
momentary money madness. When
the reaction began our confidence in
each other began to slip. Out of this
confusion many people emerged with
the unsocial philosophy that the best
thing for each man to do was to grab
what he could for himself and be
careful about placing his trust in
the other fellow.

In appealing for mutual confidence
and restrained common sense in
business and industry the President
has indicated the essentials of reli-
able reconstruction.

Buick Four-Wheel Brakes
Buick four-wheel brakes not only double the
braking efficiency of the new 1924 Buicks by
doubling the braking surface, but for the
same reason lessen the wear on each brake
mechanism in proportion. Buick four-wheel
brakes last longer. They require less adjust-
ment and the linings do not wear down
as quickly.
Simple in construction and positive in action;
Buick four-wheel brakes give added safety
under all circumstances. They are of the
"Buick external contracting type and each
brake has a three-quarter wrap or grip in-
stead of the usual half-way grip.
Buick four-wheel brakes are operated with
a slight pressure on the service brake pedal.
They act quickly, smoothly and easily.
All 1924 Buicks (both fours and sixes) have
these new four-wheel brakes. In addition,
the 1924 Buicks embody further advance-
ments in power, in construction and in beauty
that make Buick more than ever "the

THREE STARS NURSE BRUISES

Ruth, Pipp And Meusel Out Of
Condition—Eligible Players For
Series Announced

By HENRY L. FARRELL
(C. P. Staff Correspondent)

New York, Oct. 3.—For the three seasons which they have been occupying the throne in the National League, the powerful secondary strength of the New York Giants has been considered their big asset.

Perhaps there is no other club in the major leagues that could bear up under the loss of two or three star players without collapsing, but the Giants have done it time after time.

John McGraw, in building teams, has followed the theory that a team is no stronger than its reserves and his rigid adherence to this rule gives him an advantage as his club prepares for the world's series with the Yankees.

The American League champions are one of the weakest teams in the major leagues in reserve material and with three players partially disabled, their chances of winning the series are reduced.

In the matter of physical condition, the Giants are now stronger than the Yanks and the team is vastly better fortified against mishaps or injuries that might be expected in a hard played series.

Babe Ruth, Wally Pipp and Bob Meusel, representing ninety percent of the Yankee offense and defense, are in poor condition with only one week to get in shape.

Ruth is bothered with an infected finger and a lame ankle but he will be able to play. Pipp is hobbling around on a cane with an injured ankle and it is doubtful that he will be able to play. Meusel also has a bad ankle.

With Pipp out of the game, Manager Huggins will no doubt use Ruth on first. The Babe can play the position but he is no Pipp and Elmer Smith cannot do right field like Babe can.

Lou Gehrig, former Columbia University star who has developed remarkably as a first baseman, is not eligible to play. It is understood that McGraw is not willing to suspend rules and allow the Yanks to play Gehrig, even if Commissioner Landis should give his assent.

The players eligible for the series, as announced by Landis are:

Giants: Bancroft, Barnes, Bentley, Cunningham, Frisch, Gaston, Gearin, Gowdy, Groh, Jackson, Jonnard, Kelly, McQuillan, McGuire, Meusel, O'Connell, Neph, Ryan, Scott, Shimmers, Snyder, Stengel, Watson and Young.

Yanks: Pipp, Ward, Scott, Dugan, McNally, Gazella, Johnson, Ruth, Witt, Meusel, Smith, Haines, Hendricks, Hoffman, Schang, Bengough, Shawkey, Penneck, Jones, Hoyt, Mays, Pippgrass and Rotger.

The Athletics moved into sixth place behind the pitching of Burns, a rookie, who stopped the Senators with one run while the A's gathered six.

Four runs scored in the eighth inning off young Cooney gave the Braves a 5 to 2 victory over the Reds.

The Detroit Tigers closed in again on the Cleveland Indians in the fight for second place by winning the second straight game from the White Sox, 7-5.

Six runs scored in a rally in the eighth inning off Sherry Smith enabled the Browns to beat the Indians 10-5.

NO UPSETS EXPECTED
IN WOMAN'S TOURNEYSecond Round of National Golf
Championships Will Produce No
Surprises, It Is Believed

FAVORITES ARE SURVIVORS

West Chester, Baltimore Country Club, Rye, N. Y., Oct. 3.—With the field still scattered and partially unbalanced, the second round of the women's national golf championships here today was expected to produce no surprises or upsets.

It will be at least another day before the real competition starts for the title.

Without exception favorites survived the opening round but there was some interesting play as sixteen opponents went as far as the home green before winners were decided.

In the upper half of survivors were Miss Alexia Stirling, former champion; Miss Marian Burns, the 19-year-old Western champion; Mrs. Ronald Barlow and Mrs. Derby Campbell Hard of Philadelphia; Mrs. Melvin Jones of Chicago, former western champion; Miss Georgiana Bishop; Miss Elizabeth Harding-goss and Mrs. Norman K. George of New York.

Stars in the lower half are Miss Glenna Collett, defending champion; Mrs. C. H. Vanderbeck, Philadelphia former champion; Mrs. Dorothy Higbie, Chicago; Miss Audrey Faust, Chicago; Miss Edith Leitch, England's sole representative and Mrs. Jack Renwick and Mrs. H. B. Blumenthal, New York.

paign against the Ku Klux Klan as a result of the balloting. He said the Klan would be blamed by the veterans for defeat of the soldier bonus; by workmen for failure of the advanced compensation law to carry; and by depositors who have suffered losses for defeat of their measure.

"The Klan is to blame," Walton said.

The vote was extremely light—about half of the 450,000 cast at the last general election in Oklahoma. The governor's supporters claimed many people remain away from the polls because of Walton's opposition. Scattering polls throughout the state failed to open in obedience to the governor's orders, while in two counties, Harper and Cimarron, no votes were cast, due to failure of the polls to open.

Anti-Walton forces declared the result was a wholesale indictment of the governor and condemnation of the course which he has followed by the people of Oklahoma.

"The people of Oklahoma have delivered a thunderous rebuke to the governor's high handed method of handling state affairs," said W. D. McBee, leader of the faction in the state legislature demanding impeachment of the governor.

McBee said the legislature would attempt to assemble as soon as the legality of the election had been determined, and start impeachment proceedings.

Fifty thousand deputies who guarded the polls during the voting in the most sensational election in Oklahoma's history, remained on duty throughout the night protecting ballot boxes.

The 2,000 deputies who watched the election in Oklahoma City, were augmented during counting of the ballots by five hundred additional special guards armed with high powered rifles. A cordon of 1,000 heavily armed men were thrown around the court house in Oklahoma City when reports were circulated that Walton's police would raid the building and attempt to steal the ballots.

Thousands of citizens gathered on the court house lawn and when the rumored raid failed to materialize, they proposed to celebrate the "victory" by parading down town streets. Campbell Russell, chief foe of the governor, started out to lead the parade, but Sheriff Tom Cavanar, fearing violence might result from the demonstration, forced the crowd to disperse.

Russell, in a speech to the milling crowd, forecast the Governor's impeachment within three weeks. His statement was greeted with prolonged cheering.

The Daily Oklahoman, anti-Walton, organ, today displayed a picture of M. E. Trapp, lieutenant governor, with the heading "Next In Line" and below that appeared an editorial headed "The People Shall Rule. The Days of Despotism in Oklahoma Are Nearly Over."

Midwest Grid Briefs

Evansville.—To Captain Bill McEwen will fall the task of running back punts when the Purple clashes with Beloit Saturday. The Northwestern champions showed mid-season form in handling kicks and made long broken field runs yesterday in scrimmage against the yearlings.

Chicago.—The Maroon freshmen afforded little opposition for the varsity eleven in the first scrimmage of the season yesterday. At no time did the regulars fail to make good yardage through the first year squad. Urbana.—Nebraska plays used by the freshmen teams against the Illinois eleven failed to gain ground mostly through lack of man power on the freshmen team. Coach Zupke was not pleased with the showing of his regulars and explained plays frequently to the linemen.

Madison.—Secret practice for the rest of the week is the edict of Coach Jack Ryan who is whipping his Badgers into shape for the opener against Coe college Saturday.

Bloomington, Ind.—Kicking and passing were the features of a light signal drill given to the Indiana squad yesterday. Several regulars are still on the side lines from injuries in the last scrimmage.

Iowa City.—Plunging straight football was all that Coach Howard Jones would allow his eleven to use against the second team last night as the Lowans again scrimmaged behind locked gates.

Lafayette, Ind.—One touch-down was scored by the frosh eleven against Coach Phelan's regulars in scrimmage yesterday. The score which came on an intercepted pass was the only one made by the first year men. Two elevens were put on the field for the varsity.

Ann Arbor.—Defense against forward passes was given to the Wolverine team by Coach Yost yesterday. A short dummy scrimmage on offensive use of the pass was held in the secret session that closed the day.

Notre Dame.—Defensive drill was given to the Catholic linemen yesterday as Coach Knute Rockne went to work to correct the weakness shown in the game with Kalamazoo college.

Columbus, O.—"Guessing signals" took the time of the Buckeye eleven yesterday. Coach Wilce has had definite methods for detecting other teams' signals for several years. Nearly 250 freshmen reported for the practice.

SPORT CHATTER

New York—Abe Goldstein, New York bantamweight, won a 10 round decision from Tommy Lynch, New York. Wilbur Cohan, colored bantamweight, knocked out Sammy Cohen, New York in the third round.

New York—Knobbie, 5-year star of the Rancocas stable will be shipped to Kentucky for the Lantonia special. Other eastern horses named as starters are Untidy, Cherry Pie, Enchantment and Vigil.

New York—Fred Lieb of the Evening Telegram; George Daley of the Morning World, and Frank O'Neill of the Sun and Globe, have been appointed official score keepers for the worlds series game.

New York—Following the knock-out of Fred Fulton by Jack Renault, Tex Rickard announced he had abandoned plans for a Firpo-Fulton fight. "I'll get another fight for Firpo though if he'll stay here this winter," Rickard said.

Baltimore—The Baltimore Orioles won their third straight game from the Ruthless Yanks by a score of 4 to 3. Jones and Pippgrass pitched for the Yanks.

Cincinnati—Adolfo Luque, star pitcher of the Cincinnati Reds, has signed a new contract for 1924. He left Sunday for his home in Cuba.

ZEV LIKELY TO BE
SELECTED FOR RACEBecomes More Apparent Race To
Decide Horse To Meet Papyrus
Will Not Be Held

OWNER OF MY OWN HOLDS OUT

(By United Press)

New York, Oct. 3.—With it becoming more apparent that no match can be arranged to decide the 3-year-old that will carry the American colors in the international race with Papyrus, English derby winner, it is considered almost a certainty here now that Zev, the Rancocas colt, will be named Saturday by the selection committee of the Jockey club.

Numerous statements of Jockey Club officials in which it was more than intimated that Zev was considered as having a better record than My Own, the Admiral Grayson colt, have caused many bets to be made that Zev will be nominated for the honor of representing the United States.

The only statement forthcoming from the Rancocas stable was verified by Harry Sinclair, millionaire owner of the stable, who said that Zev would race My Own after the international race, over a mile and a half "for money or marbles."

Washington, Oct. 3.—"My Own is fit and ready. I have nothing more to say."

Admiral Carey T. Grayson today announced in these words that so far as he is concerned the Zev-My Own controversy is closed.

He is convinced that Zev will be selected by the New York Jockey Club as the American representative.

"A Good Advertiser
Is a Safe Borrower"

Under the bank cashier's wicket every day pass thousands of dollars in loans to the manufacturers of America. They make automobiles or soap, adding machines or candy, talcum powder or furniture.

Why do these business men borrow large sums with confidence?

Because by persistent Advertising they have each created in the great buying public a demand for a particular automobile, a special brand of candy, a particular make of furniture.

They judge the future by the past. What advertising has done, it will do, and do increasingly. There is an inexhaustible fund of goodwill for the advertised trademarked product. An idea is sold to the public and kept sold by well planned reiterated Advertising.

Physical Health means Beauty!

HEALTH and beauty go hand in hand. Where the system is run down—the face drawn and haggard—the body limp and lifeless—beauty is missing. Looks of pity supplant those that might have been gazes of admiration.

Restore your health and beauty will take care of herself. S. S. S.—the rich blood builder—rekindles the spark of health and lights the blaze of beauty by building red blood cells. The nerve power of your system finds life in these very blood cells. Build more red blood cells and your nerve power will increase. S. S. S. builds them. Rich blood will tingle through your system. That lost charm will return. Your entire system will be repaired. You will be ready to cope with the impurities and blemishes that handicap beauty.

As physical health means beauty so, too, does S. S. S. mean beauty. For S. S. S. means systems that are free from impurities—pimples, blackheads, acne, boils, eczema, rheumatism. S. S. S. and good health go hand in hand.

S. S. S. is made of pure vegetable ingredients. It is sold at all good drug stores. The large size bottle is more economical.

SSS. Makes You Feel Like Yourself Again

Lucrezia Bori, noted opera singer, has arrived in this country from abroad and will be heard from during the coming opera season.

Yes—He Likes Jazz Too

Indianapolis, Ind., Oct. 3. — It takes an Englishman to really appreciate an American girl with her characteristic "pep" and vivacity, declared Sir Alfred Cope, personal secretary to Lloyd George when he was in Indianapolis making arrangements for the visit of the "war-time" premier of Great Britain to Indianapolis later in the month.

"American girls are well informed they keep abreast of the times and know how to dress," Sir Alfred declared. "We have 'bobbed' hair in London," he continued. "I like it on some girls, but when a girl has beautiful hair, I really think she should not have it bobbed."

Sir Alfred admitted the English are susceptible to American Jazz. "I'm used to it," he said. "When I left London, everybody was singing 'Yet, We Have No Bananas' and the song was gaining popularity."

The Window Is The New "Social Register"

The old social register was a book seen by but few; the new register is your window, seen by all.

At your windows you write your own record for the Public to read daily. Your window curtains, the only part of your furnishings which the public sees, tell of your good taste or bad, your wisdom or parsimony to every passer-by.

It is in recognition of the importance of the window as a center of decoration that we feature Draperies especially during—

FILET GRANDEE The Aristocrat of Filets

This beautiful Quaker curtaining is probably the most remarkable fabric ever produced by other than entire hand work. It has the effect of the soft-yarn, big-mesh antique Italian Filet, and is one of the most decorative as well as aristocratic of window curtaining.

CASEMENT LACE

The last word in the English casement treatment, for combined in this delightful curtaining is the soft casement cloth effect—plus the interest of design and the transparency of a veil.

The demand for a virile, a masculine window covering has led to the development of a new fabric known as TUSCAN NET because of its Italian spirit. It is a fabric you will want to see, for it has limitless uses.

Sound Testimonial Evidence

showing the power of Lydia E. Pinkham's Vegetable Compound over the ills of women is constantly being published in this paper. The strongest recommendation any article can have is that borne by the persons who use it. Once ill with ailments that caused suffering and despair, but now restored to the joys of health, from a grateful heart multitudes of women write letters of appreciation to the Lydia E. Pinkham Medicine Co., of Lynn, Mass. Such evidence of the power of Lydia E. Pinkham's Vegetable Compound over the ills of women should induce every suffering woman to try it.

QUALITY COUNTS

Anyone who has had experience firing a furnace or stove knows the tremendous difference between good coal and bad coal.

Good coal holds fire well—burns up clean without making clinkers—and makes a very satisfactory heat.

Bad coal is the reverse. It burns up quickly—often makes clinkers—has your home hot one moment and cold the next. It is a nuisance to fire.

What Experience Has Shown

Our long experience in the coal business has demonstrated clearly that the quality of our Pocahontas and also our Campbell's Creek coal is excellent.

They both sell a little higher per ton than the cheaper grades. But we are confident that money will be saved in the end by buying the better coal. Furthermore you will have easier firing and a more satisfactory heat in your home.

SAVED SICK SPELLS

Black-Draught Found Valuable by a Texas Farmer, Who Has Known Its Usefulness Over 30 Years.

Naples, Texas.—"I have used Theodor's Black-Draught for years—I can safely say for more than 30 years," declares Mr. H. H. Cromer, a substantial, well-known farmer, residing out from here on Route 3.

"I am 43 years old, and when a small boy I had indigestion and was puny and my folks gave me a liver regulator. Then Black-Draught was advertised and we heard of it."

"I began to take Black-Draught, and have used it, when needed, ever since. I use Black-Draught now in my home, and certainly recommend it for any liver trouble."

"I have given it a thorough trial, and after thirty years can say Black-Draught is my stand-by. It has saved me many sick spells."

Mr. Cromer writes that he is "never out of Black-Draught," and says several of his neighbors prefer it to any other liver medicine. "I always recommend Black-Draught to my friends," he adds.

This valuable, powdered liver medicine is prepared from medicinal roots and herbs, and has none of the bad effects so often observed from the use of calomel, or other powerful mineral drugs. Be sure to get the genuine, Theodor's. NC-145

MOVIES

Big Cast At Mystic

Marjorie Daw, Tully Marshall, Pat O'Malley and Norah Beery head the all star cast appearing in Marion Fairfax's latest screen contribution "The Lying Truth," the stellar attraction at the Mystic theatre today.

In writing and filming this powerful human appeal against circumstantial evidence, Marion Fairfax has built a story that will stand for time to come. So as to secure the best results obtainable, the producer saw to it that a cast in keeping with the power of the story and the lavishness of the production was chosen to "live" the characters found in her original story.

A newspaper story is always a powerful story and the manner in which Bill O'Hara conceives and executes a fake murder in "The Lying Truth" is further proof of Miss Fairfax's ability to keep human appeal in her writings.

Fight after fight holds the attention of the screen and the manner in which Bill O'Hara breaks up political clique and disbands dope sellers and then marries the daughter of the political boss are incidents that build up strong suspense and a love theme that holds.

"The Lying Truth" is a story full of human appeal with a punch in every frame.

Screen Success At The Princess

One of the best photoplays of the season yet presented on the screen of the Princess Theatre is "Trifling Women" being shown today and Thursday, the Rex Ingram production for Metro which was seen for the first time today. The remarkable young director, whose recent photoplays have lifted him to the front ranks of picture producers, has in his latest work maintained the right standard of his earlier photoplays. "Trifling women" should enjoy widespread success wherever it is shown.

The story of "Trifling Women" was written and adapted by Mr. Ingram himself. It concerns a mysteriously fascinating siren, a crystal gazer—Zareba by name who lures men on by her beauty. Father and son enter competition for her favors, and friends conspire against each other for her love. An illicit affair between the woman and her young suitor is brought to a terrible end when her husband discovers them in the embrace of each other. They are imprisoned in Sorcerer's Tower, a weird room to which they have been led by a vision which Zareba saw. It is here, too, that the wronged husband meets his end, when the desire for revenge has been satisfied.

Players seen in earlier Ingram photoplays have the leading roles in

The MASCOT Combination Range

The large burner at the bottom of the oven gives direct action and affords an intense heat. Whether used with natural or artificial gas, an even blue flame is maintained because of the automatic air feeder, and all fumes escape through the exit flue, leaving absolutely no odor.

The Mascot Combination Range surpasses other ranges in an other important particular. Years of study by experts have perfected a gas oven that is incomparably more efficient than any ever before devised; at the same time the patented flue construction that put the Mascot Coal and Wood Range in a class by itself has been maintained intact. In the Mascot Combination Range, where coal or wood is used, **THE HEAT STILL GOES ALL AROUND THE OVEN.** So in the Mascot Combination the makers have fully realized their ambition to make a Range that would be the last word in efficiency in the use of gas, coal or wood.

Do not fail to see the famous MASCOT COMBINATION RANGE before you buy
